

NETRAM EYE FOUNDATION

**Under Societies Registration act XXI 1860
Regn. No. S-E/75/Distt. South-EAST/2013**

About Us

We are a non-profit, non-government organization committed to uplifting the last man of society, with a focus on eye care and preventive health services. NEF is perpetually driven by providing comprehensive solutions to address public health concerns. We work closely with our partners to achieve good health care for everyone. We are dedicated to developing vital resources to enhance India's existing eye and health care infrastructure. We are committed to being a transparent, accountable, inclusive, and sustainable organization that respects all its members and stakeholders actively seeking participation in democratic decision-making and organizational learning.

Netram Eye Foundation is registered in Delhi under the Societies Registration Act in 2013, led by a visionary doctor, Dr. Anchal Gupta, an ophthalmologist and a like-minded group of professionals who came together to work on a people-centric model of development in areas like eye care, public health, education, mental health, women empowerment, community development, skill training, and social welfare. An urge to reach out to the millions who have been deprived of medical assistance due to poverty kept bothering the young ophthalmologist, Dr. Anchal Gupta. She has become a beacon of hope for thousands of people she has been helping over the last ten years.

We proudly have worked in toughest terrains across 23 states of country, touching one life at a time. We strongly believe, “If we don’t change the world. Who will, If not now, Then when”.

We offer paramedical and allied healthcare training and employment. We provide skill training in diversified employable streams. Our mission is to eradicate the lack of healthcare facilities in rural India by creating a chain of primary healthcare units that offer high-quality, affordable outpatient care for low-income. We endeavor to eliminate all causes of avoidable blindness and reach a sustainable level where people can access appropriate health services.

OUR MISSION

Our mission is to provide an environment of healing that inspires people to achieve a higher level of health and well-being. We at Netram Eye Foundation envisage “Sight to All.” India is still burdened with preventable blindness of colossal magnitude. In an era of enthusiastically developing technology our minuscule efforts can contribute to treating curable blindness to the maximum possible extent. Our work philosophy is “Compassion is as important as Prescription.” We dream of building a setup catering the best treatment to all strata of society for those who can pay, pay less or not pay. All eyes should smile.

OUR VISION

Our vision is to reach the unreachable. We intend to expand our enthusiasm to work for social welfare. As we work to uplift the poor strata of society to empower women and members of the transgender community, we also aspire to advocate and work in mental health. At Netram Eye Foundation, we aim to enhance the dignity and quality of life of individuals, families, and communities.

IN THE LAST 12 YEARS

Our work has impacted the lives of **10 lakhs** people with potential eye problems and other lifestyle diseases

We have screened over 1.2 lakh school children for blindness

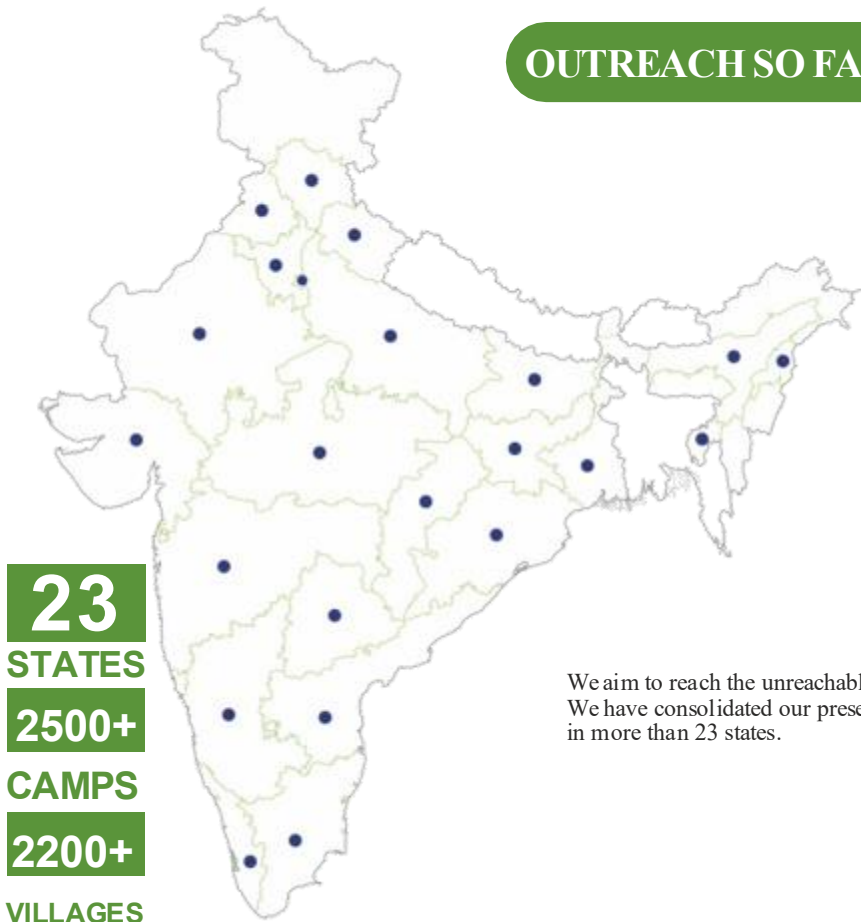

We work in **23 states** of India bringing support to people in some of the least served areas.

OUR VALUES

We are guided by our core values of Empathy, Ethics, Excellence, and Equity.

- **EMPATHY** - We demonstrate compassion by listening and understanding. We treat patients understanding lives from their perspectives.
- **ETHICS** - We believe in being transparent, open, and honest. As public servants, we are held to a higher standard and must always strive to do the right thing.
- **EXCELLENCE** - We are committed to continuous improvement. Our qualities of Excellence include seeking best practices, becoming experts in our fields, and keeping pace with ever-evolving technology.
- **EQUITY** - We understand the diverse needs of the community we serve. Our goal is to ensure everyone has access to the opportunities necessary to satisfy their medical and other essential needs.

OUTREACH SO FAR

We aim to reach the unreachable.
We have consolidated our presence
in more than 23 states.

ABOUT THE FOUNDER

Dr. Anchal Gupta, an ophthalmologist, has become a beacon of hope for thousands of people as she has been helping over the last ten years. She left her job to make eye care accessible for all. She embraced her unique abilities and didn't let fear hold her back from pursuing her dreams. She is both - a wonderful mother and an incredible doctor. With razor sharp focus and dedication of steel she is set on her mission to make this world a better place. She inspires other women to believe in themselves as she continues to break the glass ceiling day after day.

Message From The Founder

**“Dhan rahe, na joban rahe, rahe na gaam na dhaam
Kabir jug me Yash rahe, kar de kisi ka kaam”**

A life lived with good intentions and dedicated to others well-being is the ultimate way to conduct our beings. If we all put our sincere efforts collectively, we can make this world better.

The joy of giving back and adding value to society is fulfilling and unparalleled. As a guiding force at Netram Eye Foundation, I always endeavour to instill empathy and resilience in all my teammates. As a founder, I dream of spreading our wings of empathy and excellence to the last man of society.

OUR OBJECTIVES

- To work passionately towards our core vision, “Equal sight to all,” whether they can pay, pay less, or not pay.
- To provide preventive healthcare to the underprivileged strata of people.
- To culminate the burden of preventable illnesses.
- To increase accessibility and provide mobile devices for reachability and utilization of limited resources.
- To run a mobile van clinic and provide door-to-door eye check-ups and diagnoses of eye diseases.
- To educate the people to adopt good norms of good citizenship and inculcate ideals of national unity into the people's minds.
- To work for uplifting the status of women in society.
- To promote skill training and provide opportunities for employment.
- To create the means for providing medical assistance to the LGBTQIA community.
- To work for uplifting poor rural/village people for their overall development.
- To generate awareness about menstrual hygiene among people who bleed.
- To create awareness among the people regarding mental health.
- To educate people against taking drugs and alcohol.
- To raise funds through the collection, donation or subscription, and other means and invest money or incur expenditure in such manner as shall promote the attainment of aims and objectives of Netram Eye Foundation.
- To undertake any other work or assignment which may be for the general welfare of the people.

TGMC

ROSHNI

ROSHNI is running in Delhi & Haryana in association with IGL, for checking glasses number, hemoglobin, provision of free spectacles, awareness of eye, dental, mental health issues in children, and educating on eye donation. Project ROSHNI has benefited over 1,35,000 school children and distributed over 30,500 + spectacles for free.

CHASHMA BUS

CHASHMA BUS is Netram initiative, inaugurated by Distt. Magistrate Mrs Harleen Kaur of South East Delhi. It is a mobile ophthalmic unit/van, which will do a door - to-door eye test, screen cataracts, diagnose chronic eye diseases and provide for free spectacle and cataract surgery by phacoemulsification. We run 3 Chashma Bus everyday

IGL NAYAN HANS

We provide preventive healthcare to the underprivileged strata of people living in Delhi slums, thus diagnosing & curing their eye-related problems and offering free cataract surgeries., to over 1000 free cataracts.

GARIMA

Project Garima (a Menstrual Hygiene Management Program) aimed to cover villages of Kalahandi District in Orissa. Menstrual products are a human right, not a luxury. No one should be forced to choose between food and period products, yet so many in our community have or will.

Women & Girls Reached: 6000, Sanitary Kits

Distributed: 36000, Awareness Sessions: 473

MISSION 6/6

Netram Eye Foundation initiates program "Mission 6/6" for Comprehensive Eyecare for our Delhi Police officers. The Program was flagged through Addl. DCP Dhal Singh South East Distt. New Delhi.

OXYGEN SEWA

Given the emerging Covid - 19 wave, We are supporting individuals and families affected by COVID - 19 by providing free oxygen cylinders to save lives as India is currently experiencing an acute oxygen shortage.

RAAHI

Extending eye services to the least served areas, Raahi, affiliated with Sightsavers India, is enabling truckers to live lives of independence and dignity and if they have no problems they are given a clear vision certificate.

COMMUNITY EYE SCREENING

Extending eye services to the least served areas, we have conducted over 2500 camps in our capacity and partners like ONGC, India OIL, Mirofusion, NSKFDC, NBCFDC, etc

NETRAM EMPOWER

To train and socially empower 12th pass students in skill development courses which enables them to earn a living either through salaried job or establish their own practices. The said project also helps in decreasing the burden of unemployment in longer term.

TGMC

In association with NBCFDC, under the Ministry of Social Justice and Empowerment, we started first mental health helpline for TGs, and organized free medical camps across India for the transgender community.

Flagship Community Program – FY 2025–26

Program Name: *Adopt an Eye* 

(Because vision deserves ownership, not charity)

Strategic CSR Partners:

- GE India Industrial Pvt. Ltd.

- IDBI Bank

Program Overview (No Drama, Just Impact):

Under the *Adopt an Eye* community outreach initiative, Netram Eye Foundation, with the generous support of **GE India Industrial Pvt. Ltd.** and **IDBI Bank**, will conduct **large-scale eye screening and vision care services** for underserved communities.

Key Commitments:

- 20,000 community members** to receive **free eye screening** and **650 Free cataract Surgery**.
- Early detection of cataract, refractive errors & eye diseases
- Referral linkage for advanced treatment & surgeries
- Integration with Netram's base hospital & outreach camps

Cataract Care Integration:

As part of this initiative, identified cataract patients from community screenings will be linked to Netram Eye Foundation's **free cataract surgery program**, ensuring:

- Zero-cost treatment
- Ethical counselling
- Safe surgery & post-operative care

How the Program Works (Tried & Tested):

- Community-based eye screening camps
- Mobilization through local NGOs, RWAs & institutions
- On-site basic diagnostics
- Hospital referral for advanced care

Old wisdom, modern systems. Works every time.

Why *Adopt an Eye Matters*:

- Preventable blindness stopped early
- Elderly regain independence
- Working-age population stays productive
- CSR money turns into measurable social ROI

Shared Vision, Shared Responsibility:

This collaboration reflects a strong belief shared by **GE India Industrial Pvt. Ltd., IDBI Bank, and Netram Eye Foundation**-that sustainable community health begins with accessible vision care.

AWARDS AND ACCOLADES

The Project ROSHNI is conferred as best project in community health at INDIA CSR Leadership Summit 2019.

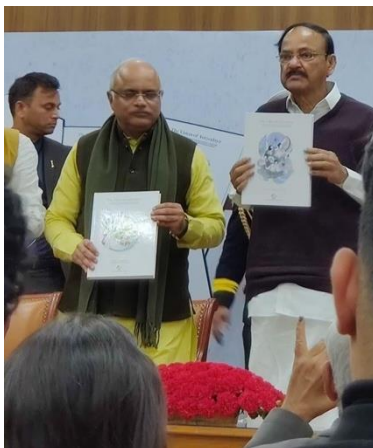

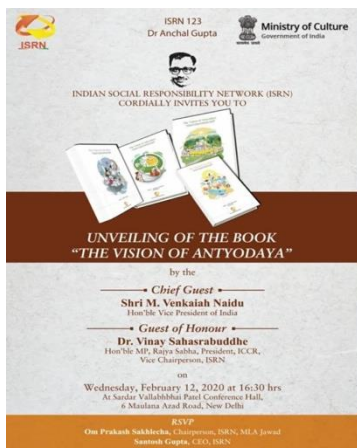

Netram eye foundation was adjudged with most upcoming NGO in health sector Delhi by ZEE Healthcare leadership congress 2019.

I started on an expedition 6 years back, felt deeply from my soul, and treaded on my journey with honesty and conviction.

We were invited at Vice President's Residence for a Book launch, Antyodaya, which covers work of 150 NGOs across the country who are doing exemplary work in their field. The research was conducted over 2 n half years by Ministry of Culture and ISRN. We were among the chosen few.

The write up looks old, with immense humbleness, we have done many times more work than they have covered.

I still believe that I have just started my journey and have many more milestones to achieve. Such recognitions are driving forces to an already focussed mind.

Program Roshni & Health Camp at the Bharat CSR & Sustainability Conclave & Awards 2024.

We are thrilled to share that Program Roshni & Health Camp were featured at the prestigious Bharat CSR & Sustainability Conclave & Awards 2024 on 24th May at Pride Plaza Hotel, New Delhi. This event marked a significant milestone in our journey towards fostering community well-being and sustainable development.

Letter of Appreciation

Dear Dr Anchal Gupta,

It gives us immense pleasure to place on record our appreciation to acknowledge the efforts of **Netram Eye Foundation** for their commendable initiative **ROSHNI** For School Children.

ROSHNI is a school program for govt school and slum children of Delhi and Haryana, where over **50,000** children has been benefited with free eye screening and spectacles so far. Children are made aware on various health related issues and provided education booklet.

I sincerely thank and appreciate **Dr Anchal Gupta** and entire team of Netram Eye Foundation for the program **ROSHNI** for school children and I hope that they will continue to do such noble work with same enthusiasm and devotion in future as well.

My best wishes to your entire team.

Yours sincerely,

(R.C.Meena)
